### Scope and content

The wages ledgers for the North Australian Pastoral Company (NAPCO) provide information on those employed at Alexandria Station, Gallipoli Station, Soudan Station, Glenormiston Station, Monkira Station, Coorabulka Station, Islay Plains Station, Marion Downs Station. The wages ledgers also include a section labelled 'Blacks' which refers to the Aboriginal people employed by the NAPCO. This section includes information about which station an individual worked at and their occupation. Historically, Aboriginal people played a major role in the success of cattle stations. Aboriginal stockmen and stockwomen were employed. Aboriginal women were also employed as domestics. Several Aboriginal groups lived and cared for the land where Alexandria and various out-stations would later be established, including the Wanji, Indilandji, Wambaia, Kunindiri and Jaroinga peoples.
